## Who We Are?

Ai-Brain Power is a technology-driven digital transformation partner delivering end-to-end ERP and business management solutions across the Middle East.

By combining Oracle NetSuite capabilities with deep local market expertise, we help organizations streamline operations, ensure compliance, and achieve sustainable growth.

## Our Foundation

Founded in 2017, Ai Brain Power has evolved into a dynamic Digital Transformation Solutions provider. We're known for agility, customized services, and strong client relationships.

## Vision 2030 Contribution

Proudly supporting Saudi Arabia's Vision 2030 through digital enablement and transformation initiatives across multiple sectors.

## Our Vision

To become a leading regional partner in ERP and digital transformation, empowering businesses with scalable, intelligent, and future-ready solutions that drive efficiency and innovation.

## Our Mission

Our mission is to deliver tailored ERP, cloud, and digital solutions by combining advanced technology, expert consulting, and local market understanding.
We enable organizations to optimize processes, enhance decision-making, and grow with confidence in a rapidly evolving digital landscape.

## Our Core Values

- Innovation & Creativity
- Excellence & Quality
- Integrity & Trust
- Collaboration & Partnership
- Customer-Centricity
- Continuous Development

## Why Ai-Brain Power?

- ERP Expertise Oracle NetSuite
- Local Expertise, Global Standards
- ZATCA & E-Invoicing Compliance
- End-to-End Delivery & Support
- Focus on Real Business Results

# Why choose us?

- **Oracle NetSuite Expertise**
Certified expertise in Oracle NetSuite enables us to deliver the right solution for businesses of every size and industry.

- **Local Expertise, Global Standards**
Deep understanding of Middle East markets combined with international best practices to ensure scalable, compliant, and future-ready solutions.

- **End-to-End Delivery**
From strategy and implementation to customization, integration, and ongoing support, we manage the entire ERP journey under one trusted partner.

- **Proven Results**
We focus on delivering measurable improvements in efficiency, visibility, compliance, and operational performance.

- **Compliance-Ready Solutions**
Specialized in **E-Invoicing** and regulatory compliance, including ZATCA **Phase 1 & Phase 2**, ensuring risk-free operations.

- **Reliable & Cost-Effective**
We deliver dependable, low-risk, and cost-effective solutions designed to maximize ROI and long-term value.

# Our NetSuite Solution

Test new Configuration, integrations, and customizations according to BRD

**STEP 06**

**GO-LIVE**

Begin your Netsuite Journey!

**STEP 07**

**POST-GO-LIVE**

Optmize your configuration as best practices evolve

# E-Invoicing Solutions

We provide end-to-end e-invoicing solutions fully compliant with Saudi ZATCA regulations (Phase 1 & Phase 2) and the Egyptian e-invoicing system, enabling businesses to operate with confidence across both markets.

In Saudi Arabia, we ensure full compliance with ZATCA requirements, including invoice generation, XML format, QR code integration, and real-time clearance and reporting.

In Egypt, we support seamless integration with the Egyptian Tax Authority (ETA), including digital signatures, invoice validation, and real-time submission through the official e-invoicing platform.

Our solutions are fully integrated with Oracle NetSuite, ensuring automated workflows, accurate data exchange, and a unified financial ecosystem.

By combining compliance, automation, and real-time visibility, we help organizations reduce risk, improve efficiency, and scale their operations with confidence in both Saudi and Egyptian markets.

# Our Team & Departments

Our success is driven by a highly skilled team organized into specialized departments, working together to deliver seamless ERP and digital transformation solutions.

**Project Management Office (PMO)**

Ensures projects are delivered on time, within scope, and on budget, while maintaining quality, risk control, and clear communication with stakeholders.

**Business Development (Sales & Marketing)**

Drives growth by identifying opportunities, building strategic partnerships, managing client relationships, and delivering value-driven solutions.

**Human Resources (HR)**

Manages talent acquisition, development, and retention, ensuring high-performing teams aligned with organizational goals.

**Operations Department**

Oversees day-to-day execution, process optimization, service delivery, and continuous performance improvement.

# Market Presence

Ai-Brain Power has established a strategic footprint across three key regions, each selected for its dynamic business environment and growth opportunities.

## Bahrain

Our headquarters and primary market, driving digital transformation initiatives.

## Egypt

Expanding our reach in North Africa's largest technology ecosystem.

## Kingdom of Saudi Arabia

Strategic presence in one of the Middle East's most innovative technology centers.

# Success Partners

"Driving success for Saudi businesses through technology, compliance, and execution excellence."
